Road Safety Warning Systems

The X5 is equipped with Road Safety Warning Systems that provide audio and visual alerts for Lane Departure (LDWS), Front Collision (FCWS) and Front Vehicle Departure (FVDW). It detects road markings and gives voice warnings to the driver if the vehicle begins to stray from its lane or when it is at risk of an imminent crash.

**LDWS**  
Lane Departure Warning System

**FCWS**  
Forward Collision Warning System

**FVDW**  
Front Vehicle Departure Warning

## NIGHT VISION

Nighttime Picture Quality Correction

IROAD NIGHT VISION employs ISP (Image Signal Processing) technology and real-time image processing function to brighter images when recorded under night time parking mode.

▲ NIGHT VISION OFF

▲ NIGHT VISION ON

## WI-FI CONNECTION AND IROAD APP

The X5's built-in Wi-Fi can conveniently connect automatically to the mobile app upon opening, making it simple to pair the unit with your device to review or extract footage from the camera.

Manage all settings such as ADAS, resolution, sensor, time, sound, cut off voltage and more through the app.

What's more, the latest version of the firmware is regularly updated through the server once connected.
