ULTRA HD 4K RESOLUTION

4K Ultra High Definition Capture

The 4K X10 comes with the latest 8-Megapixel Resolution image sensor, capturing 4K Ultra High definition video – four times as many pixels as Full HD. The rear Full HD Sony Exmor image sensor ensures the best image quality under any light. Thanks to the H.265 (HEVC) compression your videos look better and fit the maximum amount of video files on the micro SD card.

A WIDER VIEWING ANGLE FOR BLIND SPOTS

A whopping 160° angle of view in the front camera to capture maximum action around your car.

IROAD X-SCANNER

OBDII Diagnostic Car Scanner

Choose to add the X-scanner, as an optional extra. It allows for the efficient diagnosis and troubleshooting of car problems in real time viewable on the APP.

- Vehicle information in real time (Speed, RPM, Battery Voltage, coolant temperature, DPF information, transmission oil, fuel level, gear position)
- Fuel (Fuel Efficiency, Fuel level)
- Statistics /Diagnostics: (Driving statistics, vehicle diagnostics)
